WHAT IS FEDERAL GOVERNMENT PURCHASES?

Carroll Publishing has enhanced its **GovSearch**™ line of online database products by including Federal government purchases. A built-in search function provides immediate access to government purchasing information by department and by purchasing category.

The new content includes over **2,700 categories** of products and services purchased by the government, including dollars outsourced by each department, agency and subagency within the federal government to over 125,000 vendors worldwide.
